Sir

During my illness last week Mr. Cox's train delivered to J. S. Vedder Agt. at Navasota 73 Bales viz - 20 Bales marked FI (John Hill lot) (\$11.311⁴)
24 Bales marked F. bal. of Smith & Eastman lot 11.189⁴
29 Bales which I requested Mr. Vedder to mark E. B. - on a/c of C. Culmell, but neglected to state that 3 Bales of this cotton (lightest Bales) were mine, & ought to be marked F. B. This completes the 6 Bales I am due the old Cotton office. Mr. Vedder I suppose will send me the weights &c. by tomorrow's mail when I will make out the proper receipts & send you, when you will understand the matter better. I hope that my severe illness will be sufficient excuse for the seeming neglect of business on my part the past few days. I am convalescent now & hope to get things straight again & keep them so. I should have some assistance, even when I am well. My business requires it. but I do not know whether such can be allowed me, & do not even know what I am getting for

my own services, & whether I could afford to employ an assistant at my own expense. The services of one man is required in my office here daily, especially when I have Bag. & Rape to distribute; then there is the Weighing, Receiving & forwarding the Cotton. I generally weigh the Cotton at the Plantations. My time is fully occupied & I attribute my recent illness to overexertion, & purs of Business.

If I can be allowed an assistant I would be glad to have one, if a suitable person can be procured, & I think I can find such an one.

Very truly & Respectfully
Gr. Oct. 1st.

Sir,

Cover of 5th relating to the
examiner in which Little Cotton is delivered
and supposed to be wasted & destroyed,
is at hand. - I presume you are aware
that by law the collection of Little Cotton
is made by the 2^d M^s assigned to Tax in
kind duty, - & afterwards transferred
by them to Treasury Agents. - The delivery
of Little Cotton at Cold Springs, Polk Co. to which
you allude is presumed to have been under
direction of the ^{Deputy} 2^d M^s or his Agent. - If
your information shows that the Treasury
Sub Agents are responsible for neglect,
Mr. Henry Sampson, Genl. Henry Agent
for Texas is the officer who can more
promptly attend to it than this office.
- Your communication has been
referred to Maj. B. A. Bots, Inspector
of Tax in kind officers for the T.M. Dept.
He will probably refer it to Maj. Ar-
nold, at Macoydiches, who is the Con-
trolling 2^d M. of Tax in kind for Texas

Respectfully

his age, being generous about the
Confederacy being whipped and dis-
graced - I am well aware of all
the difficulties you are surrounded
by and of the feeling against the
Bureau and I am not willing to
see one in your employ take

Does your no credit that has
the standing that he has in our
community without advising you
of it. I was a few days since
using my best endeavors to get one
of our planters to turn over
his letter to the Bureau, this reply
was - "O yes Gibson they are all
very honest fellows Richard Connors
is one of their Agents", this reply
can only be appreciated by a Watford
Man. Your Captain the high regard
for your self and the gentleman
at your office precludes me from
being silent any longer. I would
refer you in this matter to Capt. W.
Lugger, Lt. M. J. Davis, ^{of previous Regiment} or the Hon. M. J. Talbot
Chief Justice of the County (who is
passing in your city) or any man from
our County, and I will guarantee
they will say for the credit of the Bureau
he had better be in the ranks, T. G. Hale
who once defended him in a celebrated
case here, if in your life can assist
you if he will and I know he will
not hesitate. I remain yours truly

Who furnishes the cotton on the part of the

Matagorda Sep^r 18th 1864

Dear Sir

I arrived here on wednesday last and find Cotton matters moving very slow here at present but hope they will get along better next week

Judge Masterson told me at Columbia he would come down here this week. I hope he will as I am anxious to get the cotton moved from this county as early as possible

I wish you would urge upon Judge Masterson the importance of sticking to the Planters until he gets the half of their cotton turned over, by attending to this you will confer a favor on me

Have you received an order from Cap^t Ransom to turn over that Cotton to me if so please deliver it to R^h Hend who will receive it for my account

I have heard nothing from Mr Hale since he left for Matamoros if you should hear from him please let me know his address

When do you expect the return of Col Broadwell. Should the Granite City get into Galveston what would be the prospect to get her a load of cotton from Government

Mr J. W. Fisher Port Agent at this point has not as yet received any instructions in regard to the shipping of Cotton from this point in fact he says he has rec^d no communications from your office for some time and expressed great surprise at the same

Have you heard of any cotton that was turned over at Galind for me if it was a lot of 80 Bales that was shipped from this County to be delivered at Rome. and if it was to turned over at Galind or Rome. I understood that Mr Kirkland was to turn it over

Also there was some cotton shipped from here to Saraca & Lots one of 15 one 35 some 43 Bales all of which ~~some~~

from this county. I wish you would write to the agent
at that place ^{or Victoria} so that he will hold the half subject
to our order

Hoping to hear from you at your earliest
convenience I remain

Yours Truly

Captain

I am in receipt of
your favor of 17th inst regarding the deliveries
of Bagging & Rope for account of the "Cotton
Bureau".

Owing to the short supply, I have endeavored to give each Planter a little, intending to state the total amount upon his last receipt. Judge Masterson has issued all the receipts heretofore granted, but from late instructions from San Antonio it is doubtless intended that all Report Dpts. shall sign the receipts for deliveries made to them.

The only delivery made to Col. J. L. Thorpe is that made by the Office at Houston and shipped to my care 12th inst. to wit:

8 Coils Grass Rope	829 lbs
1 " Hemp do	87
Total	916 lbs

as weighed by my scales.

I have a Bale of Bagging sent to his address, which he has not applied for.

My next post will send you a full statement of Bagging & Rope account. Very Respectfully
Yours, C. J. Wells

The parties will forward proper Affidavit

The reason that I have issued

to give the Original Certificate to the Seller of

certificate. Send the form of receipt you require
to be given to the Seller of Cotton.

I regret to again have to write

forwarded to your office on the 1st & 3rd

Dear Sir

Rec^d on the 10th inst from

I Holston Agent Alleyton 35 Bolts, ragged & damaged Bagging
& 16 Coils (2280 pounds) Hemp Rope, and on the 18th Sept. 64
rec^d of him 36 rolls new Bagging, but little better than the other
and 16 coils Manila Rope, about 12 coils of which is entirely
too small to put up cotton in good order, in good sized Bales.

The first lot of Bagging is almost worthless, and the
Hemp Rope proves to be rotten, at least most of it, and gives
very immediately when taken from the press, causing the latter
trouble to the ginner & annoyance to me, in procuring something
with which to rebale the Cotton. The Hemp Rope

I suppose that this last lot, is the same you wrote about,
some eight days ago, stating that it was purchased of Wm
Hutchins & Co. and to be used in Baling their Cotton, if so, and
they expect to get 500 pounds Bales in good order, they can but be
greatly disappointed. You will see from the enclosed Sample,
that such Rope will not do to rely upon at all where Cotton is
hailed so great a distance. Will work through it as best I
can, but fear that there will be a considerable loss, owing to the
inferior quality of the Baling material.

I need baling for about 300 Bales in the
neighborhood of Roma Tex. sixteen miles East of this & only
eighteen miles from Wrentham. Can you not ship me that
amount. Can Louis Seyberlich, Roma Tex. where I can
easily distribute it & save transportation to La Grange.

Am having anything but a glorious time of it, with
the planters, on account of the scarcity & inferiority of Baling
materials, as they wish to ship their own cotton before the setting in of
the winter. Enclose you might see of 16 Bales delivered by
J H Moore

Very Respectfully, A W Faison

Enclosed find receipt
from Johnson for 512 yds. Bagging. He has also
sent to me a bill for a barrel. This with the Bagging
reported to you yesterday. As the Sledge
Jackson and the Chappell closed out the
Bagging, an end except one damaged. The
Sledge Cotton goes down this morning
and will perhaps close our operation here
for the present as the yellow fever has made
its appearance, and there is a general Stampede
among the unacclimated.

I shall remove the papers etc to my residence
three miles from town. Where I will transact
such business for the Bureau as may be
necessary. The Bureau can respond to any request
of yesterday relative to the appointment
of my successor.

Yours Respectfully

contract to furnish the planter
not only with an amount
of B.H. as has on his cotton but also
with like amount to bale other
cotton for himself ^{or any time on single} ~~or~~
in writing with Mr. Hodson
for a field. Subsequently in your
letter to me of August 1st you say
"When cotton is all baled it
is not regular to furnish bagging
& rope - The instructions furnished
you were intended to apply to
cotton in the seed." Upon receiving
this explanation of the orders I
informed Mr. Hodson of it, & sought
to get the contract modified to suit
the explained intention of the orders -
He utterly refused any modification
- gave me notice that he would
not deliver the cotton without
the delivery or readiness to receive
the full amt bagging & rope contract
ed for. Now it is necessary for me
to have the cotton to pay for the B.H.
purchased under your order by tele-
graph of yesterday. As this is the only
contract of the kind I have deter-
mined to adhere to it literally, hoping
it will meet your approval.

You will find the difficulties relative
to the cotton. Yours O. C. Miller

Col W D Hutchins. &
Capt L S Wells of the Cotton Bureau
Houston
Gentlemen

Having now a good opportunity of shipping a small lot of cotton to the Rio Grande, call on you for some assistance in the way of compensation as agent for the Cotton Bureau. Have purchased, shipped, and otherwise disposed of, upon the orders of the Office, 539 Bales, which in addition to 120 Bales now on hand, & 35 Bales that I shall receive & weigh tomorrow make 694 bales, which at 90¢ per bale the price allowed agents for purchasing, weighing, marking, classing & shipping makes \$624⁰⁰. W D Pappe has delivered me (as per certificate No 58, mail Capt Wells 15th inst) 8 Bales good middling cotton weighing 3945 pounds, which at 15³/₄¢ per pound amounts to \$621⁰³, and if you will allow me this lot of cotton & send me the permit, you will certainly confer on me a very great favor. With the exception of money paid by me for freights, and repairs on cotton, this is intended as a settlement for purchasing & shipping said amt of cotton, and as a full compensation for all other expenses, such as warehouse & office rents, stationery, labor, and for the hire of an assistant, which I was forced to do for some time at a high specie price. I have given my undivided attention to the fulfillment of the trust reposed in me as agent, and will feel amply compensated by receiving a permit to receive & ship said 8 Bales cotton. Hoping my proposition may meet with your approval. I am very respectfully, Yr obt Servt.

Capt. G. S. Wells

Very dear Sir, your letter was received by last mail and a letter of instructions to Capt. Lynch enclosed in it. My letter is without a name but it is from you.

You instruct Capt. Lynch to cancel the purchase of my cotton. This is quite acceptable. To turn over to me the 2nd half of my cotton if it is not gone forward. This too is acceptable - but "it is gone forward." You then say that if "it is gone forward" that "you will endeavor to pay me in a draft on Mr. Perkins as I (he) understood it." This too is acceptable.

Please do this as early as may be convenient. If you prefer it, I would be willing to receive short cotton in the place of mine two pounds in the place of one pound. This I infer you do not wish to do.

You fear my cotton will not reimburse the Government at 34cts lb. My cotton

If managed right will net more
 than fifty ct a pound. A friend
 who runs the Blockade lives with
 me when at home he says my cotton
 will bring 80 ct for lb. and if so
 you are not unsafe. I do not
 wish to refer to the misunderstand-
 ing in this matter in any special
 way but ask your patience and
 indulgence toward a man who
 has been honest and candid in
 the whole affair. Could Mr Perkins
 meet this draft at San Antonio
 If so it would oblige me much.

Your communication of the 18th inst. reached me last evening. - contents noted. My time has been so completely occupied with the single object of getting possession of the cotton, that I have neglected minor points. I will in the future be particular as to details.

My object is to move all cotton just as soon as it is ready, but I have no transportation. Mr. D. Walcott, Private in Capt. Rugelup's Co., (D.) Brown's Regiment, has five wagons and teams at his control, which he will use for us provided he can be detailed. In addition to this Mr. W. has been a merchant and is a good judge of cotton, and would be of great service to me in weighing and sampling on the farm. I have full confidence in Mr. Walcott, and hope you will be sure to have him detailed. He lives in the western part of the County, and can serve me as well in Matagorda County as in this. I think it of great importance to hurry up the planters, and to move the cotton just as soon as it can be gotten ready. I hope this detail will be granted, as it will greatly facilitate the forwarding of the cotton which cannot be done without more active aid, such as Mr. W. can give.

Very Respectfully

subject to field duty & I think transportation enough
can be had without them. Also please send transfer

the men at the end of the month.

I have appointed Capt E Keyser formerly in provost

of Caldwell, Guadalupe & Gonzales,

I learn from a letter from Mr Davis Clerk for Capt
J H Synch that he issued a permit to Mr A Davidson
of Gonzales Co for the exportation of two Bales of Cotton. ~~which~~
The Davidson declines to turn over a corresponding amount
of Cotton as he had agreed with Capt Synch to do. For this
reason as Mr Davidson says. That Mr J A Sheffries to whom
he sent the permit & two Bales of Cotton did not use the
permit but got the Cotton out in some other way by arrangement
with the Cotton Bureau. Can you explain from any
credible source in your office how Mr Sheffries got
the two Bales of Cotton out without giving the permit
up? It seems to me the evidence points to the
fact that the Sheffries is now in the state of Texas.

General!

You will pardon me for troubling you with a few lines and trespassing upon your valuable time. In order to successfully get this factory started, I have made some advances of money in specie and there are some articles needed almost every day, which can not be procured otherwise but for specie. For the benefit of this factory and to keep the same well under way, I would respectfully request, you to have some cotton turned over to this factory, say 50 or 100 bales or such quantity as you may deem proper for the purposes stated. The cotton could be obtained in this County by the agent of the Cotton office and properly accounted for by me.

This letter will be presented to you by W. S. Alexander, who is visiting Houston on business for this factory.

I have the honor to be, General,

Mr Wells

Dear Sir

Will you be so kind as to inform me relative to the following matters:-

I let the C.S. Govt have one half of my cotton at her own schedule rate in C.S. notes / new issue, - The Govt transports & delivers to me the bagging & rope for the whole @ 60^c pr yd. & pr lb. Now is it the intention of the Govt to take the amount I will be due for the bagging & rope from the amount due me for one half of my cotton? Or will I be forced to let a portion of my half go - in order to pay the Govt? My opinion - based upon the promise & contract with Mr Steer Agt for this County, is that the payment for the bagging & rope will be deducted from the amt to be paid me by the Govt for one half of my cotton; and upon the conditions of that contract I am perfectly willing the Govt shall have one half of it.

A. S. Seelley

My neighbors - J. Batts, J. Newcom, & myself. are now ready to bale our cotton - but the Govt Agts have not furnished the baling & rope, & we are unable to do so. My cotton is to be delivered by the 1st day of October - provided the bagging & rope be furnished (we paying for it) I am willing - & so are we all - to

comply with ~~any~~ part of the contract & to be
bound by it - If the Govt fails on her side, she
cannot expect me to be bound or even to
be able to comply with it.

Please inform me when & how the bagging
& rope is to be obtained.

I am Respectfully Yours

1349

I beg to assure you that I am O.K. with the teamster - tribe generally. By the enclosed you will see that among other things I am after salt for the Government in a very respectful manner. The application of Capt. Marks for the detail of men to haul salt for the Government has gone on properly approved to Col. Martin for final action. In the mean while, and until the order can be obtained and the men detailed can get their teams up and wagons all ready for the road, which must necessarily occupy some time, I especially desire that you permit for the use of the Subsistence Department. Presided over by Capt. T. C. Richardson the temporary use of the transportation lately detailed for Mr. Faison which is now idle resting upon furloughs in consequence of the disposal of the ^{bulk of the} cotton of this County by the Bureau. I will engage that the transportation of the Government cotton will not be prejudiced by the act for I will hold myself ready to recompense and reciprocate the aid when required after the details referred to shall have been made. I only wish for the use named the aid of the teams of some half a dozen or more lately detailed for Mr. Faison. From the bulk of cotton reported by Faison and now that disposed of by you know there is nothing to prevent them to be employed upon and will not be for some time hence they can now be put upon furlough to use

Would it not be much better, Captain, that they be engaged
in hauling salt for the Government which is so dread-
fully needed by the Government. The ~~department~~
department is "destitute" of salt and the undersigned
Major Thomas is that of his own knowledge is that
Government must lose a large sum of money for
a supply of salt is not now procured for the curing
of meat. A little later and the clouds grass will not
sustain the teams as it now does. Take a plain view
of this matter. It can but benefit the Government.

Direct Prison to turn those men over temporary
to one of the agents of the Subsistence Department
to haul salt. The parties to be subject to be ordered
back to report back at discretion. I assure you
that Prison will have no objection whatever.
By the by Prison and myself have been a friendly
rivalry. who prevails in reporting him to be a ~~good~~
good agent? I want the use of only 6 of the men report
to me are now expiring to be employed by me.

With great Respect
Very Sincerely
J. R. Burns.

If you prefer it you can make the order that
the men report to Capt. J. C. Richardson and en-
closing me the order and Capt. R. will make a
disposition of them to me for his Sgt. in the premises.
Let me hear from you by return mail.

My dear Sir -

Your letter of the 25th reached me on the eve of leaving for Antonio. I acted upon the inclosures, rather hastily & returns them without comment.

If we can complete the purchases for which negotiations are in progress. There will not be much occasion for buying largely at Houston. I don't like the price the Govt gets for cotton in Houston, and intend so far as I can, to avoid disposing of it there. If we stop buying at Houston, you may be able to send some cotton to Col Helm at Havana.

I can not determine in regard to the payment of agents until I have consulted you further, but I hope to arrange the matter satisfactorily on my return.

Enclosed you have a letter to my Major which please forward, thro Capt Black, present my respects to Col Helm, tell him Laredo has been evacuated & all the goods sent to San Antonio. I am glad to know the McKinney

arrangement well terminate soon -
be made an arrangement with Russell
tomorrow to turn over 75 Bales here
the Govt to pay specie freight 700
cents - I understand that over 2000
Bales State plain cotton has been
crossed here over 4000 Bales at
Lords - I don't know how much at
Eagle, Pa. out which the Govt
get nothing & the State very little.
Mr. Lane informs me that Mr.
Hillingsworth our Armstrong both pro-
- vision the whole arrangement in
Brownsville. up to this time only 38 Bales
Govt cotton has reached this place, & the
Brownsville is not yet opened & the
political troubles in Mexico renders it
unsafe to crop cotton. there is 748
Bales cotton on the road to this place
from San Antonio, up to the time
I left the latter place. Write to me
at San Antonio. I am travelling rapidly
& discharging business with as much ex-
- pedition as I can. Yours truly

Dear Sir

We have yours favor of 17th with Instructions to ship you such cotton as will bear shipment to Monrovia in the original Bales. We have shipped you this day for Steamer 143 Bales of such cotton and will continue to send forward such cotton that will bear handling until further orders. We have also shipped you 113 Bales of rebaled cotton, since the date of your last we have sent forward 255 Bales besides today shipment which we presume has been received and this making up to date 510 Bales, We will be able to ship you by the first of next month by working on Sunday which we will do providing we have no rain to set us back at least 350 Bales of Rebal cotton which with such Bales as will stand handling will swell the number to about 900 or 1000 Bales we will do all that is in our power to help you to meet the demands for cotton if we only had say 10 or 20 more hands we could ship 45 Bales per day and take care of the speckings. The Gun Boat Bell has some 8 or 10 hands on Board of her doing nothing as she is laying up awaiting for repairs if you could get an order from the marine department for the same it would be a great help to us if we could get them for a short time as we have a great many of the negroes sick at present. The schooner has arrived at last please try and get Sackets and hals for us we want 38 of each.

Dear Sir

Old Spring 19th Sept 1861

1861

I am in receipt of yours of L-3rd 5th 9th 1861
and of 31st ult & note contentz. It was impracticable for me to
estimate the amt of repairs required on the Hernandez Bros Co Cotton -
and caused now, that the labour to be performed could not be procured
without promising specie - which will be much more than Mr Vizcaya had
any idea of. However, the best has been done possible - the amt when
ascertained I shall draft on you for, which of course Messrs H & Co
will place in your hands prior to settlement - sickness & death
in the family of Mr Byrd has delayed the matter some -
the expense incurred on this cotton during Mr Luis de Vizcaya & his
employers right - to receive a lot of cotton in the condition they
did & then leave it exposed to the weather - It will never do
for Mr V to go into the cotton business - I enclose ^{and Memorandum} 1st 3rd for
toq. baln & paper to be able to ship the balance next Monday -
& send you my receipt for the entire lot for settlement -

I enclosed statement of 15 Bpc rec^d from Mr Benj Byrd
and ~~his~~ receipt for ~~the~~ ~~same~~ - please enclose in his papers -

I enclose also a note from Capt Mitchell relative
to transportation of Cotton to Liberia - I am at a loss
of what is best to be done - my three first loads shipped to
C L - were received by Mr Lund on this side of the river -
& receipted for as being deliver^d at the Depot - all the balance
bears the signature of J Gray - I cannot learn from Mr
Lund what the difficulty is - Steamers say they could
not get across the river & Mr L would not receive any
more on this side & they were compelled to land the cotton
back to W Liberty - I hope you may make an arrangement

to have cotton rec^d at N Liberty if not I fear I
will have difficulty in getting the cotton hauled from this
vicinity: - everyone I speak to about hauling to E L
seems to have a horror of going across the Trinity bottom
& the river - If you think advisable - please have
bagging & rope for me ship^d to West Liberty care of
J. Gray. I can get it hauled from there by pack teams.
I need it very much.

Very Respy
Y^r Hum^l O^l S^t
W. A. Lewis

P.S.

Relative to furnishing the planter BOR for his half of cotton,
I shall fall back on my first position - say I don't believe
the Govt can procure enough to bale their own cotton in
the Trans Mi Dept & furnish the planter also - That
it is the desire to do so, & will whenever it is practicable.

I am fully aware of the difficulties attending
the whole cotton business & I think it an unwise
policy to agree to furnish the planter with BOR for
his own cotton - let him ^{and his men} spin it - I have seen
some very good homemade bagging & rope - The planters
of Texas - (generally speaking) are perfect blood suckers.

They want all they can get & let some one else carry
on, and support the war.

W. A. L.

I cannot send receipt for BOR of Mr Byrd - settlement will
have to stand over until I can do so - He furnished the
rope himself & is unwilling to sign receipt ^{to facilitate settlement} until I replace
it.

Dear Sir,

In answer
to your inquiry about the transpor-
tation of cottons from this neighbor-
hood to the railroad, I would state
that West Liberty is the nearest
depot; and the only one, at which
cottons could be delivered with
any degree of convenience, East Liberty
being on the East side of the river,
will render it very inconvenient
to cross the river with loaded wagons.
I have recently sent from the

depart - at West-Library - forty bales of
Cotton, which has been sent for
word without delay, and I am in-
formed by Mr Samuel Gray the
present & were housekeeper there,
that he is prepared to take care of
Cotton sent - to his care,

You will recollect at the time I received my appointment as special agent the mode of transacting the business was frankly & freely discussed and Genl Slaughter approved the plan which was to take Bids bidding for all the cotton have all delivered to the Govt agent on the Rio Grande he to retain half & turn over the other half to the parties furnishing the cotton thereby securing the Govt against any fraud in the division in the interior. I could not have suspected that any objection could have been made on the score of trouble in delivering cotton on the Rio Grande. But A. Sumner I was mistaken & Mr Perkins advised me to send no more cotton there on point account I was acting as I thought & understood to be according to your desire & that of Genl Slaughter & as it was I am certain was the best form to secure every body concerned against the possibility of fraud. I have forwarded to you copies of all Bids for cotton sent forward under my authority & have never been notified by you that you in any

may disapprove the manner in which
I was conducting the business I believe
in the absolute obedience of orders of those
having a right to issue them & shall in
all respects endeavor to conform to your
wishes in discharging the duties of my
agency & trust you will keep me fully
directed as to your orders. But while I
fulfill the obligation of obedience to
orders I also feel I have a right to
ask that you protect me & my opera-
tion from any prejudicial interference
on the part of sub agents I am at all
times ready to facilitate any of them in
any way in my power in advancing
the public interest & unless you know
tell us to observe that courtesy toward
each other. The public interests are at
any time liable to be prejudiced by
petty jealousies. I have no choice as to
how it is to be done but I beg that all
cutting will procure to be issued &
issue as the case may be such orders to
Messrs. Frickell & others as will secure the
delivery of the cotton & paying freight
on the same until 600 Bales are deliv-
ered on the Rio Grande to Milnes and
200 in this place & since I for there
(about) have arranged to complete
the Macero claim for flour & also

that parties in the interior be directed to
not molest cotton I have contracted
for You will readily perceive that if subsequently
take upon themselves the responsibility
of directing with & giving orders to each
other it will create confusion & dissatis-
faction generally. Any counties in addition
to those exempted from the operation
of my agency in the beginning You have
only to indicate to me but please
prevent others from meddling with
me taking me by surprise & turning
every thing into confusion. I am sailing
forward so as to get up cotton
I have contracted for & have order-
ed a large amount from N. Orleans
through respectable European houses
which I will keep on my own account
or turn over to You on its arrival
at cost. Please write me to Austin
I leave for there in the morning

contains data that may be put in

Letter to G. Wells

Boston:

I received your letter
of 19th of Cotton. The blank bill of
sales and, also your feeling to give me
an exemption for any Cotton for services
rendered. When I made the application
for the exemption, I was aware of the fact
that the agent at Barbours, had been
paid for his services in exempting Cotton,
and I had been informed that an Agency
had been offered another gentleman,
he, to be paid in exemption with the
fact before me, I supposed that it was
all in right and a gentleman to give
me an exemption for a portion of my
own Cotton. I do not however complain.
I shall want an exemption for about 50 or 70
bales, as I shall ^{have} that and to turn over to the
work as I cannot give a Certificate to
myself with propriety, what shall I
do to obtain one.

Sir - Your favors of 21st & 22nd inst. came to hand by Saturday morning Mail. I have been absent in the country on Cotton business for three or four days, & although I have little time before the Mail closes, will try & send reply by this mail.

I regret to say that your letter calling my attention to R. M. Walker's matter of the 42 Rfc & bal of ac. came to hand the day after he left, and although you had requested me in a former letter to "forgo his memory", it entirely slipped my mind, as I was quite unwell, & only saw Mr. Walker twice, (he being here but four or five days.) I regret very much, that this matter should have been neglected by me. Mr. Smith (Walker's partner) will be in in a few days & I will ask his immediate attention to the matter, if he is concerned in this transaction. Mr. Walker expects to return in about three or four weeks himself.

The 43 Rfc on which Mr. Walker's exemption was issued by you on my Recd. will be account for Navasota this week & next. I will send you Wts in detail next mail.

Enclosed please find my Recd. No 17 & 20 - The first for 40 Rfc & the latter for 38 Rfc (73 Rfc)

in all) from D. H. A. Rawlings. I send you detailed Mts of the 40 Bales, the 33 Bales I have not been able to weigh yet but they will go over 500 ^{lbs} to the Bale on an average, I am satisfied so I have at D. R.'s request averaged them at that, & issued my receipt. This is somewhat informal & I dislike myself to depart from the usual mode of proceedings in such cases but as I have not been able to weigh the Cotton & the D. has shipped that Number of Bales on which he wished Exemption I send my Rec^t for the 33 Bales also. & will send you detailed Mts as soon as possible.

D. Rawlings requests that the Exemption for the 73 Bales be forwarded by you by first mail to Messrs. Vance & Brothers San Antonio - to whose care he has consigned the Cotton.

Mr. Vadder at Navasota writes me that my Dft in his favor for \$25 - was returned to him unpaid - I have written him to send it again as I have refunded to you through Mr. Dorley & Co that amt. which was overdrawn by me in favor of J. H. Jervis.

I enclose Mem. of Cotton delivered at Navasota by Mr. Eastman & Co. last Saturday.

Very Respectfully
Yr obt. Svt. J. B. Bailey

for (100) one hundred Bales I will get his Receipt for same
as soon as I see him & forward to you.

Also find Enclosed the Receipt of C. Kester agt for
Lippincott & Co for (73) seventy three B/c delivered to him
from the Lt Recd of Mr Stanckfeld as per your order.
You write me to send you the marks of cotton shipped
which I cannot as owing to the ingredient I had to mark
with I obtained the best I could but the Rain would
wash it out & consequently when I went to load the
wagons I could not discern the mark I could get
no Lim Black & had to use dye stuff which will not
stand rains, if you can get any Lim Black please send
some & I can put Lead with it & make a good Black
that will stick.

Capt. C. G. Mills a g m
Houston Texas -

Dear Sir I find enclosed the report
the purchase of 139 Bales Baled - yet a portion
of the Cotton will have to be repaired - before shipping
Since my last I have shipped 135 Bales - 93 Bales
from the North portion of this County to San Antonio
from Baumann's, as I met with a western train
& shipped for 200 miles when the distance is 240 -
You will also see from the enclosed Duplicate
No & No of Bales from Mr. Baumann's that it far
exceeds the Contract - it being 89 Bales & I get
139 Bales he (B) having just returned from the
Army and was not posted as to the amt he
had - having the statement of his overseer who
said at the time I purchased that there was
only 89 Bales - it is a beautiful lot of Cotton
the Crop of (61) and (12) Bales shipped to
Navasota of the River purchase, the balance
of this purchase I will try to get off next week
when I will give you the weights of ea Bale -
I would of shipped more this week but Mr.
Baumann requested me to remove his Cotton
as he was not willing to be accountable for
same if any accident should happen to it

I also send you No & Weight of Nine Bales
purchased of Mr Jas O. Andrus & Dr George
McLendon of Bales - I am out of marking
Material & cannot get any in this Country
which forces me to ship the Cotton without
Marking - I use the original mark on my
Bill Ladings - in relation to the Detail I
showed the enrolling officer of this County
Gen Blount Smith - for all men detailed and
under my charge, & he thought I had better
ask you for the authority to have them
detailed here - which I have written to you but
Mr Answer - in fact he thought from the order
that I could apply for them & have them
detailed, and which he was willing to grant -
But await your answer that I may be
right - as to myself I am 43 years old
now have been a soldier - having been in the
present business that is Cotton purchasing -
My health - is at times good, but bad weather
or winter or spring time - I suffer a great deal
with Neuralgia & often with Rheumatism -
I dislike to enter a plea of disability -
as ordinarily I look to be a healthy man
but the statement above is fact, -

You give Mr Asproot an exemption. but
since his return he has been quite unwell -
Not able to assist me any - yet I do not
really need any on my shipping - but will
endeavor to get all the Cotton off that
I can Control that is Baled before winter
or Bad roads sets in - there is some that
I cannot yet Control - but believe there
will not be much need of impressing
As one of the parties who refused to sell
& who I reported to you has sent me word
to come & see him, in my absence I will
go up tomorrow - & report next mail
my success -

Very Truly Yr obt. Servt

Tuesday Morning

Capt

Your favor of 24th came duly to hand by last mail. I could not procure the Bagging & Rope which I regret very much as we are greatly needing it. I have no idea to whom the 5 Bales belong. Do not think it a part of any purchase. I will send Mr. John up the river in a few days. I am keeping quiet & taking Quinine hoping soon to be able to attend to my own duties. But for the Quarantine established here I would have returned to Houston for a few days where expenses would have been lightened to some extent. I am however able to assist in getting forward Cotton already contracted for by remaining here. Mr. John goes down to day and will probably show you a sample of Col. Frost's delivery of 50 Bales. It is all strictly rotten and really not worth the bagging & rope with which it is covered. As a matter of course we refuse to receive it. I will have to call on you for at least \$500.00 to settle up to close of the present month. If the item of Medicine & attention while sick here is inadmissible allow me to make a new memo and include at least a portion of it in other expenses.

for duty to repair the cotton presses & gins
of the District.

I would respectfully state that
nine tenths of the gins & presses of the Dist
are so much out of repair that cotton has often
to be hauled from two to twenty miles to
be gined & pressed. There are but few
mechanics in this part of the country who are
competent to repair such and they are indis-
pensable to both the Govt & City gins.

Allen has various certificates of disability & discharge
from the Army. I trust that the detail will be
made at once as his services are of great
importance at this time to the cotton operations of
this Dist.

You will please report to the Cotton Bureau that we are now about to send off 150 bales of Cotton west, possibly to Europe, via Mexico, and that we have a like amount ready in this neighborhood to turn over to the Bureau. We, in a previous trip, turned over 70 bales at San Antonio, and had seven men detailed by the State as teamsters and. Shall wait the same number, about four or five again detailed, four of them the same men we had on our previous trip.

We were the foregoing understood as a contract entered into before the publication of the late law. Respy. Underwood & Hunt

The title of Cotton due the Government must be
genuine or it cannot be received. When as much as
a bale is due from any one producer he is
required to put it up in some secure way as with
slats bound with hoops of wither or white oak. When
less than a bale is due it can be received in bags
or in matting or in slats bound with hoops.
These fractions of a bale will afterwards be refo-
racted in bales of a convenient size

Cotton, Tobacco, & Wool are not transferable
to any Post Masters or commissary but only to
the agent of the Treasury: - therefore any issues
of either by any agent are illegal.

I've just seen Mr. Vedder, but can get no rope &
bagging for Smith & think it is the same case
with Ben Stows, for I have already given more
orders than he can fill. Can't you send
Mr. Smith's bagging & rope from Houston. I promised
him he should have it. He sold me the prettiest
lot of cotton I've seen in the State - very

I have been closely confined at Paducah for

the cotton office? From my understanding
I suppose they will.

Dear Sir

I have yours of the 21st and
note what you say in regard to old
3 m pieces being for the use of Cotton
not for the purchase, I have returned Mr
McLachlan the Bagging Rope I had to
spare over the quantity required for baling
the Cotton he is to return me and as soon
as I ascertain that I have any more over
will hand it him and take his receipt for it.
I have returned him my note to be about 200
lbs. but as he requires a portion to repair
the Cotton at Magnolia may have to use
it for that purpose, he is now quite ill and
Capt Paine is attending to his business for him.
Mr McI expends himself too much he rode
80 miles in the hot sun attending to the American
Cotton business and is truly a conscientious good
agent, the Cotton he is to return me is now
being ginned and I furnish the Bagging Rope
for it - yours truly

Enclosed herewith please find
my ap against Col W J Hutchins for purchasing &c
of 33 Bales Cotton, and one against you for purchasing
799 Bales. making 832 Bales. The weights classifica-
tions &c of the last named five persons Cotton, has not
been forwarded to you, for the reason, that I sent a man
out today to weigh it & bring in samples, & he has not yet
returned. - The Cotton was all ready for delivery, - Will
take Bills Lading tomorrow for the first 250 Bales
sold to Ball Hutchins & Co. and forward you their
receipt for the Cotton in a few days.

I have made arrangements to have
the 8 Bales hauled to the Rio Grande on a mule
wagon & would like to get the whole lot. ^{as soon as} Think
you ought not charge me 3¢ a pound advance, for
I have worked, faithfully, and been at considerable
expense of different kinds, and by taking Cotton at the gin
have gotten you much better Cotton than I should have
done. Had I sit down in Texas and waited for the
farmers to pick out their meanest & lightest bales for
the Govt. - Now always waited, & put up with nothing but
a fair divide as to quantity quality, heavy bales &c. - At the
same time will be perfectly contented with whatever you
may be pleased to allow me. You will confer on me a
personal favor by sending the permit by return mail so as
to enable me to move the Cotton. - Very Respectfully, C W Fairman

Honorable

Yours of 26th to hand and believed statement of Cotton Field by Sam Gray at West Valley. From only give such information as the Hager report furnishes, I will find statement from this office of all Cotton shipped from West Valley. Keeping it same here in my books, thereby preventing confusion between the two points, I am preparing to ship 7 Carr loads of Cotton as soon as the Carrs are placed on the side track, they came up with Carrs on and, cannot commence loading until the Carrs come in from Richmond, could it not be so arranged that there could be from 4 to 6 Carrs left here, in readiness for loading, that when a train comes in it could be put on the Carrs, the fact is that I have a great deal of trouble in getting Teams, owing to the uncertainty of procuring of cars, and the started moving Hagers, don't care about hauling for the Carrs and then only on a basis of its equivalent in specie, there is some of the Hager's Cotton is in the back where it feeds.

Very Respectfully

A gentleman who

to bring from Pulasky 1000
Bales of cotton. He wishes
me to say to you that he would
bring it for every tenth bale
He says he will guarantee

In my opinion it is a good
bargain for the Cotton Office for
his boats are covered and
the cotton will not suffer as
the cotton brought down by
ships must & sometimes

There is at Columbia a quantity of Cotton that will soon be a total loss to the Government if allowed to remain in its present condition it is going to waist the bagging & rope being rotted and it is also being carried off; Mr. Garnett informs me that he has seen a waggon taking off some of it. If you think the Govt will be benefited by having it rebaled I propose to take it and rebale it one half for the other the half which I get to be free from impersment - I have bagging enough for about fifty bales at this time - Please lay this proposition before the Bureau and send me a reply - very Respy Joseph E. I have received your letter of 23rd and 24th with enclosure as to Landau Lane and attention to Springfield of which I have purchased 112. 156. notes urgently for the B. & R. R. I have promised him that you would send it to him at Beaufort as early as possible and if not send it over a party so he is sure to get it and that you would write him by letter directing to Walter Stone - he is the largest cotton planter in the county abundantly better at first but I now know him only by an independent source I hope you will accommodate him at your early convenience. he has been here for 8 days treated by cotton agents.

I understand Col. J. C. Clark to say he wishes to see B. & R. sent here but it is better at Beaufort if he is a source of its shipment - I don't want receipt for the first bill of B. & R. if you want it will be in one place and the other has signed back.

As J. Brown is a detail under my opinion he has been placed in a detail of 100 soldiers from the 1st division before the 1st division of 100 men who met in Beaufort last Saturday and is recommended to report to a 2. M. for duty as Major Master. Please have him so entered that the Bureau may not be charged with his detail as an able bodied man. He will still report to me till further orders. He is both uneducated and unskilled in our profession. He is from a very important - I propose then to open a cotton office at Chappin Hill with his assistance. Transport and expenses are paid by the Bureau and the effect of the Bureau is to be.

Yours Respectfully

Captain C. G. Wells
Acty Chief Cotton Bureau
Houston.

Captain

I have the pleasure to acknowledge the receipt of your letter of the 1st instant, with enclosure, by the steamer "Denbigh" and the letters, enclosures and endorsements, of Col Broadwell dated 9th July, and 16th August, saved by the crew of the "Matagorda", when that steamer was captured by the enemy, all of which I have read with attention and interest, the letter of Col Broadwell for the Secretary of the Treasury will be forwarded on the 24th via Nassau and Wilmington.

The "Regulations" approved 3rd August, which you had not seen at the date of your circular rendered it impolitic, perhaps improper, to give any publicity to the circular, but leave you untrammelled on the receipt of the "Regulations", a copy of which I now enclose you for greater certainty, though you must have received it by the "Jephire" if not overland before her arrival.

You ask my

opinion as to the propriety of Shipping Cotton by Schooners, the risk is certainly great, but every 100 Bales of cotton invested in supplies abroad, saves to the Government some 1000 at home, and I would earnestly advise that course which would place in the hands of the Government purchasing agent the largest amount of funds, and result in economizing our stock of Cotton in view of a long war, and our future necessities. —

The rule adopted by the new "Regulations" if carried out, or even the one proposed by yourself, would soon supply the Armies in the Trans Mip. Dept with every thing necessary to efficiency; a cordial cooperation with me, on the part ~~on the part~~ of those charged with authority in Texas, will meet an earnest zeal in my efforts to furnish that Department with supplies, which shall satisfy the most exacting, if this please assure Col. Broadwell on his return. The resources of the Ordnance and other departments at Richmond do not admit of their placing me in funds to any extent, and without money or cotton, supplies cannot be procured abroad, and the system of furnishing Steamers with full cargoes of cotton in exchange for supplies, at enormous blockade prices, would soon deplete our resources and leave our armies destitute of every thing necessary for the field, and the country in debt, without means to pay or carry on the war.

Mr. Perkins has not yet sent me any funds. - the £561.19.4 proceeds of 25 Bales of cotton have been received from Tampico, the cotton by the "Lilly" has not been heard from.

It is proper to state that the remarks touching the Captain of the "Denbigh" in my despatch to Genl. Magruder, were not intended to affect that gentleman, beyond the shipment of Government cotton by her, as well as all other vessels, which I have constantly urged, he was certainly wrong in not taking the Government rifles under the circumstances, but with that exception, he has been as liberal and obliging as any Captain I have met, and now takes 800 of our Rifles

half on ships account, and a well selected cargo of supplies. -

The owner of the "Denbigh" now in Europe is one of the most liberal and patriotic Citizens of the Confederacy, notwithstanding all which, I hope to receive cotton by his ship on Government account, as I do by all steamers running the blockade.

The "Maria" did not get off during last moon as I hoped. will sail in a day or two, she takes 1100 Rifles, 500 I send and 600 go on ship on private account, I send also shoes &c.

The "Maria's" cargo is particularly well selected, this steamer belongs also to parties devoted to our cause.

I am Captain

very respectfully

Yours obt. Serv^t
